2. Procedure

2.1 Procedure

Title: Provision of commodity price Datasets

Description: The Dutch government is currently in conversation with the major Dutch industrial emitters about how they can decarbonize their operational processes. For the Dutch government to develop an independent view on the provided decarbonization plans and related financial support requests, RVO is seeking a Contractor who can provide independent and consistent set of price projections for commodities that apply to the North-Western European market. These Datasets will play an important role in determining the appropriate amount of government support. Additionally, the Datasets will be used to assess whether the submitted financial models are realistic. The maximum tender price is € 450.000,- (exclusive of VAT), including optional extension years.
