Vraag en antwoord

Ref.nr. **Onderwerp:**
1 References

Vraag:

You ask for at least one reference each to prove both "Technische en organisatorische bekwaamheid, ervaring: analyse- en prognosevaardigheid" and "Technische- en beroepsbekwaamheid: spoorsector, materieel en systeemkennis". Is it possible to use the same reference to prove both fields of experience?

Antwoord:

Yes, the same reference assignment may be used to demonstrate both "Technische en organisatorische bekwaamheid, ervaring: analyse- en prognosevaardigheid" and "Technische- en beroepsbekwaamheid: spoorsector, materieel en systeemkennis". This is only permitted if the reference assignment separately and sufficiently clearly demonstrates compliance with both suitability requirements. The tenderer must clearly indicate on the reference form for which requirement(s) the reference is submitted. ProRail will assess the reference separately against each requirement. If the reference only demonstrates compliance with one suitability requirement, a separate reference must be submitted for the other suitability requirement.
