1. Buyer

1.1 Buyer

Official name:	TenneT TSO B.V.
Activity of the contracting entity:	Electricity-related activities

2. Procedure

2.1 Procedure

Title:	Market consultation - Coordinated Security Analysis (CSA) Platform
Description:	The Transmission System Operators (TSOs) of the Central Europe Capacity Calculation Region are conducting a preliminary market consultation on development and implementation of a Common IT platform and associated business capabilities to support the Coordinated Security Analysis (CSA) process which runs load-flow calculations, contingency analysis and allows for the coordination of remedial actions among participating parties. The tool shall support this “Common CSA process” in the day-ahead (DA) and intraday (ID) timeframes; first go-live of the common CSA process in the region is targeted for 2029, preceded by a parallel run. The intent is to publish a European tender in Q1 2027 for the CSA Platform. This common CSA solution is the first implementation step towards the long-term process goal, which also includes an optimization of remedial actions, and cost sharing thereof. To support this evolution, the solution for common CSA process must be designed for scalability and long-term sustainability, leveraging open standards, modular architecture, documented interfaces, and technologies that minimize dependency on proprietary products, vendor-specific expertise, or closed ecosystems. The common CSA solution should allow to be extended with additional business capabilities and modules over time (e.g. Remedial Action Optimization module, Cost-Sharing process), to support the target processes (Regional Operational Security Coordination and Cost Sharing).
Internal identifier:	0e638e88-8bc9-4b2e-a162-b330e37bae06

2.1.1 Purpose

Main nature of the contract:	Services
Main classification (cpv):	72000000 IT services: consulting, software development, Internet and support
Additional classification (cpv):	48000000 Software package and information systems
Additional classification (cpv):	48100000 Industry specific software package
Additional classification (cpv):	48600000 Database and operating software package
Additional classification (cpv):	48700000 Software package utilities
Additional classification (cpv):	48900000 Miscellaneous software package and computer systems
Additional classification (cpv):	72200000 Software programming and consultancy services

Rijksoverheid

Additional classification (cpv):	72300000 Data services

2.1.2 Place of performance

Country: Netherlands

Anywhere in the given country

Additional information: Market consultation document and Mercell questions.

2.1.3 Value

Estimated value excluding VAT: 0 Euro

2.1.4 General information

Legal basis:

Directive 2014/25/EU

3. Part

3.1 Part technical ID: PAR-0000
