Rolls-Royce

Rolls-Royce Oy Ab, original manufacturer of the FF550-series waterjets, hereby certifies that the waterjet is capable of operating during ±15° rolling movement of the vessel, and in outside temperature conditions between -20 to +50°C[1].

Rolls-Royce
P.O. Box 579, FIN-67701 Kokkola, Finland

Robin Häggblom BSc (Eng)
Contract Manager

[1] Operating temperatures is dependent on the viscosity of the hydraulic oil.
