Architectural drawings of a building, including a side elevation, a cross-section, and a floor plan. The side elevation shows a long, low building with a central tower and a gabled roof. The cross-section shows the internal structure, including the roof truss and the foundation. The floor plan shows the layout of the building, including the main hall and the tower. The drawings are labeled with dimensions and materials.

Architectural drawings for the renovation of the 'De Nieuwe Kerk' in Rotterdam. The drawings include a site plan, floor plans, and elevations. The main floor plan shows the layout of the church with various rooms and structural elements. The elevations show the exterior of the church, including the tower and the main entrance. The drawings are labeled with 'Touwen & Co Bv' and 'De Nieuwe Kerk'.
