1.1 Buyer

Official name : N.V. Nederlandse Gasunie

Legal type of the buyer: Public undertaking

Legal type of the competent authority: Public undertaking

The buyer is a contracting entity

Activity of the contracting entity: Production, transport or distribution of gas or heat

2. Procedure

2.1 Procedure

Title: Biomethane Booster Packages

Description: Gasunie is currently in the process of preparing a new tender for the design, production and delivery of biomethane booster packages. As a part of this process Gasunie is conducting a market consultation to gain insight into the extent of possibilities and interest in the market, as well as to determine how a potential tender could best be structured. Current studies indicate an overall potential demand in the order of approximately 10 to 15 booster installations for transport towards HTL systems and approximately 5 to 25 booster installations for transport from RNB to RTL systems. This results in a total indicative potential demand of approximately 15 to 40 booster installations.

2.1.1 Purpose
