

Proposed Approach per Award Criterion (Chapter 5 of the Tender Document)

Annex 8 CV's and Proposed approach

Concerning the requirements 3.1 (both lots), 3.2 (lot 1) and 3.3 (lot 2) in the Tender document, please add a CV for each expert role individually.

- The Tenderer must provide the expert's educational and professional background in the CV, using reverse chronological order for both education and professional experience. The Tenderer may also briefly include any other relevant information in the CV.
- Provide all the relevant information in the CV demonstrating the expert fulfils the requirements indicated in paragraph 3.1 (both lots), 3.2 (lot 1) and 3.3 (lot 2) of the Tender Document.
- The CV of each individual expert should not exceed four (4) A4 pages in Verdana font (size 9).

Concerning the quality award criteria for lot 1 (one form of annex 8 for each award criterion 5.3.1, 5.3.2, 5.3.3) and for lot 2 (one form of annex 8 for each award criterion 5.3.4 and 5.3.5), annex 8 must be completed by the Tenderer.

This means that the Tenderer must upload Annex 8 three (3) times for Lot 1, once for each expert (A, B and C) and the corresponding award criterion, and two (2) times for Lot 2, once for each expert (D and E) and the corresponding award criterion, in TenderNed.

Please note:

- The Tenderer must provide information for each expert individually.
- **Each proposed approach must relate specifically to the award criterion (Expert role) for which it is submitted. Please read the Tender Document carefully and take into account all applicable requirements. In particular, please pay close attention to the requirements set out in Chapter 5. Failure to comply with one or more requirements will result in your Tender being disqualified from the assessment process and therefore excluded from the tendering process.**

Proposed approach

Please indicate the applicable lot and role of the Expert:

Lot 1: ☐ Expert A ☐ Expert B ☐ Expert C

Lot 2: ☐ Expert D ☐ Expert E

Please note: A team proposal for lot 1 must consist of 3 individuals, each assigned to one of the three (3) different roles (expert A,B,C). For lot 2: A team proposal must consist of 2 individuals, each assigned to one of the two (2) different roles (expert D,E). Tenderers may submit a tender for only one lot. Each expert role shall be assigned to one individual person. The same individual person may not be assigned to more than one expert role within or across lot 1 and lot 2, irrespective of whether the person is proposed directly by the Tenderer or through a subcontractor or other third party. This restriction is necessary because the experts in lot 1 and lot 2 are required to work closely together. By ensuring that the same individual is not assigned as an expert in both lots, the Contracting Authority ensures that each lot has dedicated and sufficiently available experts and that the necessary cooperation between the expert teams can be effectively ensured. If this requirement is not met, the Tender will be set aside and excluded from further participation in the tendering process and will not be further assessed on prices or rates. Each expert role must be assigned to one person only. The same person may not be assigned to more than one expert role.

Format

- Submit this form in Word or PDF format.
- Please ensure that all text is written in A4 pages in Verdana font in size 9.
- The structure of the form must not be modified, except to add or reduce space as required to provide complete responses.
- Your response to each individual award criteria (for lot 1: 5.3.1, 5.3.2, 5.3.3, for lot 2: 5.3.4, 5.3.5) must not exceed a maximum of four (4) A4 pages in Verdana font in size 9, including tables, pictures and the front page. Please note: if your response exceeds this limit, any content beyond the maximum page will not be taken into account during the assessment and can affect the total number of points that may be awarded. Additionally, if you include a hyperlink to a website in your response, please be aware that the content of that website will not be considered as part of the assessment either. Please note that if you refer to website content when elaborating the award criteria, this information will not be considered during the assessment. We therefore emphasize that all relevant information must be included in your response, within the maximum of four (4) A4 pages per award criterion.
- Attach this annex as part of your official tender response.
- Describe the situation, your role, your actions, your advice, and results achieved. Mention in which country the intervention took place.
- Relate your answer as much as possible to a position mentioned in your CV. All used examples have to be related to the CV of the expert who executes the assignment (also in case of a consortium or subcontractor). Please hand in a CV for each expert individually and include only the relevant experience in the four (4) A4 pages of your response. The CV of each expert individually should not exceed four (4) A4 pages in Verdana font (size 9). Please note: if the CV exceeds this limit, any content beyond the maximum page will not be taken into account during the assessment and can affect the total number of points that may be awarded. Additionally, if you include a hyperlink to a website, please be aware that the content of that website will not be considered as part of the assessment either. Please note that if you refer to website content, this information will not be considered during the assessment. We therefore emphasize that all relevant information must be included in the CV's, within the maximum of four (4) A4 pages per CV of each expert individually.
- The Tender must clearly identify the experts proposed for the relevant lot and the expert role for which each expert is proposed.

Proposed approach

Please indicate the applicable lot and role of the Expert:

Lot 1: ☐ Expert A ☐ Expert B ☐ Expert C

Lot 2: ☐ Expert D ☐ Expert E

Please note: A team proposal for lot 1 must consist of 3 individuals, each assigned to one of the three (3) different roles (expert A,B,C). For lot 2: A team proposal must consist of 2 individuals, each assigned to one of the two (2) different roles (expert D,E). Tenderers may submit a tender for only one lot. Each expert role shall be assigned to one individual person. The same individual person may not be assigned to more than one expert role within or across lot 1 and lot 2, irrespective of whether the person is proposed directly by the Tenderer or through a subcontractor or other third party. This restriction is necessary because the experts in lot 1 and lot 2 are required to work closely together. By ensuring that the same individual is not assigned as an expert in both lots, the Contracting Authority ensures that each lot has dedicated and sufficiently available experts and that the necessary cooperation between the expert teams can be effectively ensured. If this requirement is not met, the Tender will be set aside and excluded from further participation in the tendering process and will not be further assessed on prices or rates. Each expert role must be assigned to one person only. The same person may not be assigned to more than one expert role.

City and country of residence expert	

CV (The CV of each individual expert should not exceed four (4) A4 pages in Verdana font (size 9)).

Proposed Approach per Award Criterion (Chapter 5 of the Tender Document)

Please provide the expert's proposed approach here. The proposed approach must be specifically linked to the relevant award criterion. Please clearly indicate which award criterion the proposed approach addresses. Please read Chapter 5 of the Tender Document carefully.

Proposed approach

Please indicate the applicable lot and role of the Expert:

Lot 1: ☐ Expert A ☐ Expert B ☐ Expert C

Lot 2: ☐ Expert D ☐ Expert E

Please note: A team proposal for lot 1 must consist of 3 individuals, each assigned to one of the three (3) different roles (expert A,B,C). For lot 2: A team proposal must consist of 2 individuals, each assigned to one of the two (2) different roles (expert D,E). Tenderers may submit a tender for only one lot. Each expert role shall be assigned to one individual person. The same individual person may not be assigned to more than one expert role within or across lot 1 and lot 2, irrespective of whether the person is proposed directly by the Tenderer or through a subcontractor or other third party. This restriction is necessary because the experts in lot 1 and lot 2 are required to work closely together. By ensuring that the same individual is not assigned as an expert in both lots, the Contracting Authority ensures that each lot has dedicated and sufficiently available experts and that the necessary cooperation between the expert teams can be effectively ensured. If this requirement is not met, the Tender will be set aside and excluded from further participation in the tendering process and will not be further assessed on prices or rates. Each expert role must be assigned to one person only. The same person may not be assigned to more than one expert role.

Proposed approach

Please indicate the applicable lot and role of the Expert:

Lot 1: ☐ Expert A ☐ Expert B ☐ Expert C

Lot 2: ☐ Expert D ☐ Expert E

Please note: A team proposal for lot 1 must consist of 3 individuals, each assigned to one of the three (3) different roles (expert A,B,C). For lot 2: A team proposal must consist of 2 individuals, each assigned to one of the two (2) different roles (expert D,E). Tenderers may submit a tender for only one lot. Each expert role shall be assigned to one individual person. The same individual person may not be assigned to more than one expert role within or across lot 1 and lot 2, irrespective of whether the person is proposed directly by the Tenderer or through a subcontractor or other third party. This restriction is necessary because the experts in lot 1 and lot 2 are required to work closely together. By ensuring that the same individual is not assigned as an expert in both lots, the Contracting Authority ensures that each lot has dedicated and sufficiently available experts and that the necessary cooperation between the expert teams can be effectively ensured. If this requirement is not met, the Tender will be set aside and excluded from further participation in the tendering process and will not be further assessed on prices or rates. Each expert role must be assigned to one person only. The same person may not be assigned to more than one expert role.

Proposed approach
