Legal type of the buyer:	Body governed by public law
Legal type of the competent authority:	Body governed by public law
Activity of the contracting authority:	Economic affairs

2. Procedure

2.1 Procedure

Title:	Market Sounding - Inception and Feasibility Study of a Water Information System for the Comoé-Bia-Tanoé Basin, Côte d'Ivoire
Description:	Invest International Public Programmes (IIPP), as a contracting authority, intends to publish a tender, with the aim of concluding a contract for a multidisciplinary feasibility study concerning the development of a Water Information System (Système d'Information sur l'Eau, SIE) for the Comoé-Bia-Tanoé basin in Côte d' Ivoire. In what way or form this tender will take place is not yet decided. The market sounding is a preparation for the possible tender. After a written consultation, interviews will be organised with a select number of parties. We invite you to respond to this market sounding and appreciate your answers to our questions (see annex 1). With this consultation, IIPP wants to get a good understanding of the (im) possibilities within the market, the level of interest and the available experience. Your answers will be used as input for the tender documents. A market sounding has advantages for both the parties involved and IIPP. Based on the market sounding, we can choose the most suitable procurement strategy, and it gives the parties involved an early impression of our organisation and the goals of this project. If the results of the market consultation are incorporated in the tender documents, they will not be traceable to the participants of this market consultation. The estimated contract value is not disclosed at this stage and will be communicated as part of any subsequent procurement procedure.
Internal identifier:	D2B26CI01

2.1.1 Purpose

Main nature of the contract:	Services
Main classification (cpv):	71000000 Architectural, construction, engineering and inspection services
