Annex 2: Reference contracts

The contracting authority has set the following core competences that correspond to experience in essential aspects of the contract:

The Tenderer must demonstrate experience with the provision of Client Representatives (CRs) for an offshore geophysical survey.
The reference project must meet the following minimum requirements:

- at least four (4) CRs were deployed within the project;
- the deployment of the CRs lasted for a continuous period of at least two (2) months;
- the activities performed within the reference project included at least:
    - reviewing geophysical survey project documentation, geophysical data and reports;
    - acting as a CR during offshore works carried out by a geophysical survey contractor;
    - advising the Client on geophysical matters and on the performance of the geophysical survey contractor; and
    - reporting to the Client on the aforementioned activities and findings.

You submit a reference statement for each core competence in accordance with the model below. You may copy the model below. If several core competences are expressed in an reference statement, you may use the same reference statement for those core competences.
