VI.2) ADDITIONAL INFORMATION

TeslaN B.V. is a joint venture founded by TenneT TSO B.V. and Delta Netwerkbedrijf. It is a strategic alliance in the field of maintenance and preservation of high voltage infrastructure for the Dutch Region Zeeland. As of today TeslaN would like to make use of TenneT's Qualification System High Voltage Surge Arresters 5678, because the conditions of this qualification system meet up to the requirements to be set by TeslaN. The qualified suppliers of TenneT's Qualification System High Voltage Surge Arresters 5678 are therefor also recognized as qualified supplier for TeslaN. Companies that want to compete for contracts of TeslaN based on this qualification system, but who are not yet qualified by TenneT TSO B.V. for Qualification System High Voltage Surge Arresters 5678, can submit an application for qualification at TenneT TSO B.V. TeslaN will, if applicable, tender itself under the qualified suppliers of Qualification System High Voltage Surge Arresters 5678.

Due to limitation of the system TenderNed we have the following replacement for Chapter IV 1.1. Award Criteria: This should be read as follows: Awarding of contract is in principle based on the awarding criteria most economically advantageous tender (in Dutch: EMVI - economisch meest voordeling inschrijving), unless the Tender Rules (in Dutch: inschrijfglement) states that TeslaN will award the contract based on the awarding criteria lowest price (in Dutch: laagste prijs)
