I.2) MAIN ACTIVITY

- Railway services

I.3) CONTRACT AWARD ON BEHALF OF OTHER CONTRACTING ENTITIES

The contracting entity is purchasing on behalf of other contracting entities: no

II: OBJECT OF THE CONTRACT

II.1) TITLE ATTRIBUTED TO THE CONTRACT BY THE CONTRACTING ENTITY

Market Consultation Incident Registration and Analysis Platform for project Veiligheid Actueel en Transparant (VAT)

II.2) TYPE OF CONTRACT

Type: Services

Category: 7 Computer and related services

II.3) SHORT DESCRIPTION OF THE CONTRACT OR PURCHASE(S)

The purpose of the market consultation is to (1) examine if there are existing security management analytics platforms available who will meet our needs and (2) to gather sufficient information on the market for a successful tender.

In order to replace the current Synergi/Promise system, we are looking for a system for the registration and analyses of safety related incidents. At the moment there are +400 users, each with a certain level of access according to their role. The users of the Safety department have write access and fill Promise with data or documents, register data about incidents that were not created through bulk import and create reports and analysis. Users that only have read access use Promise to complement the Safety dashboard. This dashboard allows users to access and view the case as a whole via the use of links.

In order to improve the system we want online synchronization with source systems e.g. SAP and Monitoring, provide mobile and offline support for outdoor inspections and/or forensics, show the relationship between event (potential) effect and measures, register events efficiently and create business analysis on trends.

II.4) COMMON PROCUREMENT VOCABULARY (CPV)

Main object:

Main vocabulary:

72000000 - IT-diensten: adviezen, softwareontwikkeling, internet en ondersteuning

Supplementary vocabulary:

-

Additional object(s):

-
