

#	Page / chapter / paragraph	Question	Answer
1	N/A	Is there a specific format and page limit in addition to the appendix A - C?	The template given for the appendices A-C (in the document "Market survey automatic field sketches reading") must be used for answering the questions. A word format of the appendices (Appendices Template) can be found in the Market Survey, TenderNed in the category "Documenten" and then in "Nota van Inlichtingen". Therefore, we would like to receive the appendices and the extracted results (if any) using the given example of field sketch as an input. There is no any length limit for the answers to the questions.
2	N/A	What is the process for submitting the survey? Do we need to register an account on TenderNed and submit it from there?	Complete survey responses must be sent at zm_inkoopservices@kadaster.nl with the Reference "Response to Market Survey Sept 2016 – Organization/Institution/Company name". You are not obligated to register, but if you do then you will be able to receive notifications about updates, rectifications, publications etc. concerning this Market Survey.
