memo

Market consultation Icy Road Alarm System RWS
Changed deadline for submitting a completed
questionnaire to 7 November 2016

Date
31 October 2016

Enclosure(s)
0

Dear Sir/madam,

On the 26th of October 2016 the Summary of Additional Changes and Information should have been published on TenderNed. The documents that comprise the Summary were indeed uploaded that day, but weren't published in a consecutive action. This means that interested parties haven't had access to the Summary in between the 26th and today.

Still, the Summary of Additional Changes and Information was published today. Rijkswaterstaat has decided to give interested parties the opportunity to utilize information gained from the Summary by extending the deadline for submitting a completed questionnaire + annex by five (5) days.

This means that completed questionnaires should be submitted by Monday the 7th of November 2016.

We trust to have informed you fully by publishing this message.

Yours faithfully,

Timo Martosatiman
Tender Consultant
