Schiphol's Capital Programme team will present about the prestigious projects that have started and will continue to be put on the market over the next 10 years. **This information will be relevant for all project management and construction management parties interested in participating in the programme.**

Here are the projects that will be discussed:

- The full construction of the new Terminal and all its components.
- The full construction of a state-of-the-art Baggage Handling System (detailed design/build).
- The detailed design and construction of Schiphol's landside infrastructure, which will include the redevelopment of the Road and Utility network.

Schiphol

- The detailed design and construction of additional car park facilities.
- A complex supply and installation project which will be integrating all the systems for these new facilities and developments with Schiphol's existing systems (design/supply).
- The design and construction of the entire logistical infrastructure and operational support for the Capital Programme (design/build/operation).
- The full construction of the Plaza, Bus and Rail Station.

Each company can be represented by a maximum of two people. RSVP is required **before 6 December** by confirming to this email address: tomorrow@schiphol.nl.

Please provide the names and contact details of the people who will attend the meeting.

Your company can play an important role in building tomorrow's Schiphol. We look forward to welcoming you on 7 December!

Kind regards,

Bernardo Gogna
