

Subject: Additional information in relation to the Request for Proposals document for the SURFnet8 Photonic Layer tender
(published on TenderNed on 3 June 2016)

Date: 13 June 2016

Dear Madam/Sir,

Please find herewith the answers of general interest to all questions received, so far, concerning the above-mentioned Request for Proposals document. This information is given to all companies that have shown interest during the market consultation¹ phase and will be published on the tender project page on TenderNed². Insofar this note contains modification and/or additions to the Request for Proposals Document, the text in this note prevails. Please take note of this document in preparing your response.

Kind regards,
Jac Kloots
SURFnet

#	Question / remark	Answer / clarification
1.	On page 48 of the Request for Proposals the Minimum Requirement MR 55 states '-100GBASE-LR10'.	This must be '-100GBASE-LR4'.
2.	On page 38 of the Request for Proposals the Awarding Requirement AR 9 states 'with as little ease as possible'.	This must be 'with as little effort as possible and with as little impact to existing services (waves) as possible'.
