II.1.4) Short description

The Dutch police would like to get in touch with manufacturers of interception systems. It may be clear that confidentiality with respect to this matter is of major importance. For this reason, measures will be taken regarding the confidentiality.

Within this framework of confidentiality the intention of the police is to maximize the contribution of the industry, not only to get more knowledge of the market, but also to receive more suggestions on possible innovative ideas and future developments. Therefore, the police would like to get in touch with companies which are directly involved in manufacturing and implementing interception systems.

Based on the notifications of appropriate companies the police intends to organize an information session on a later to be announced date and place in the Netherlands.

It is clear that a notifier who is not directly engaged in the manufacture and implementation of interception systems will not be invited. Therefore you are urged not to...
