

Annex C

Technical and professional core competences

Core Competence 1: Construction of underground utility corridors		1
Question	Answer	
I. General		
Project name		
Place of execution		
Brief project description		
Contractor (name Candidate or Alliance member or third party).		
Description of Candidate's assignment, activities and/or role in the reference project.		
Are the activities conducted in an Alliance or have third parties been relied upon? (subcontracting)?	Yes / No explain: ...	
Total contract value of activities concerning core competence 1, excluding VAT.	EUR	
Client name		
Name, position and telephone number of contact at client, who can be contacted by SNBV.		
II. Requirements concerning core competence: construction of underground utility corridors		
The reference project concerns:		
Process-oriented and technical preparation of (re)routing and connecting of underground utility corridors for gas, water and electricity;	Yes / No explain: ...	
The carrying out of the abovementioned activities for the underground utility corridors in question;	Yes / No explain: ...	
In an urban centre environment or multi-modal public transport hub;	Yes / No explain: ...	
The activities concerning the core competence have a contract price of at least EUR 4,000,000;	Yes / No explain: ...	
Candidate (independent or Alliance) has executed the subject of this core competence by itself;	Yes / No explain:	
...or relies on a third party which has executed the subject of this core competence by itself;	Yes / No explain:	
The reference project has been completed in the period of five (5) years prior to the final Application deadline;	Yes / No explain: ...	
A testimonial issued by the primary contracting authority is attached...	Yes / No explain: ...	
...which proves the work has been carried out professionally and was properly completed in accordance with rules and regulations.	Yes / No explain: ...	
Attach: • Testimonial , issued by the primary Contracting Authority (required) • Maximum of 1 A4 of supporting visual material (optional)		

Core Competence 2: Construction of civil concrete structures		2
Question	Answer	
I. General		
Project name		
Place of execution		
Brief project description		
Contractor (name Candidate or Alliance member or third party).		
Description of Candidate's assignment, activities and/or role in the reference project.		
Are the activities conducted in an Alliance or have third parties been relied upon? (subcontracting)?	Yes / No explain: ...	
Total contract value of activities concerning core competence 2, excluding VAT.	EUR	
Client name		
Name, position and telephone number of contact at client, who can be contacted by SNBV.		
II. Requirements concerning core competence: Construction of civil concrete structures		
The reference project concerns:		
The construction of, expansion of and/or addition to a civil concrete structure.	Yes / No explain: ...	
The activities concerning the core competence have a contract price of at least EUR 12,000,000.	Yes / No explain: ...	
Candidate (independent or Alliance) has executed the subject of this core competence by itself...	Yes / No explain:	
...or relies on a third party which has executed the subject of this core competence by itself;	Yes / No explain:	
The reference project has been completed in the period of five (5) years prior to the final Application deadline.	Yes / No explain: ...	
A testimonial issued by the primary contracting authority is attached...	Yes / No explain: ...	
...which proves the work has been carried out professionally and was properly completed in accordance with rules and regulations.	Yes / No explain: ...	
Attach: • Testimonial , issued by the primary Contracting Authority (required) • Maximum of 1 A4 of supporting visual material (optional)		

Core Competence 3: Project and environmental management on the basis of a design and construction contract		3
Question	Answer	
I. General		
Project name		
Place of execution		
Brief project description		
Contractor (name Candidate or Alliance member or third party).		
Description of Candidate's assignment, activities and/or role in the reference project.		
Are the activities conducted in an Alliance or have third parties been relied upon? (subcontracting)?	Yes / No explain: ...	
Total contract value of reference project, excluding VAT.	EUR	
Client name		
Name, position and telephone number of contact at client, who can be contacted by SNBV.		
II. Requirements concerning core competence: Project and environmental management on the basis of a design and construction contract		
The reference project concerns:		
Carrying out the project and environmental management in both the design as well as the construction phase on the basis of a design and construction contract (FIDIC, UAV-GC or equivalent).	Yes / No explain: ...	
The reference project concerns a civil and hydraulic engineering work in an urban centre environment or multi-modal public transport hub.	Yes / No explain: ...	
The works performed must at a minimum include the following components: I. Daily overall supervision of the project; II. Coordination of subcontractors; III. Applying for and obtaining permits; IV. Traffic management in the sense of determining and establishing logistical construction routes whilst retaining operational traffic flows; V. Safety management; VI. Meeting and collaborating with stakeholders relevant to the works.	Yes / No explain: ...	
The reference project has a contract price of at least EUR 20,000,000.	Yes / No explain: ...	
Candidate (independent or Alliance) has executed the subject of this core competence by itself...	Yes / No explain:	
...or relies on a third party which has executed the subject of this core competence by itself;	Yes / No explain:	

The reference project has been completed in the period of five (5) years prior to the final Application deadline.	Yes / No <i>explain: ...</i>
A testimonial issued by the primary contracting authority is attached...	Yes / No <i>explain: ...</i>
...which proves the work has been carried out professionally and was properly completed in accordance with rules and regulations.	Yes / No <i>explain: ...</i>
Add: • Testimonial , issued by the primary Contracting Authority (required) • Maximum of 1 A4 of supporting visual material (optional)
